— Balorman aims at having a leading role in flat pack furniture market thanks to our certain capabilities:

1 65 years of experience in wood-based industry. Since long time, we have been familiar with the material, with the sector, with the market. As a result, we've developed a truly valuable know-how.

3 We are in a tight relationship with raw material suppliers. Our cooperations are partnerships rather than ordinary business ties.

2 We serve as a long-term supplier of well-known companies in challenging industries such as home appliances. In this sector, our clients are world-wide known brands. We make sure that 1st product has the same quality as the 10.000th product. Based on this discipline, we offer you constant high quality.

4 Strong networking with the governmental and private sector institutions enables us to follow economic, judicial and social changes both in Turkey and abroad.

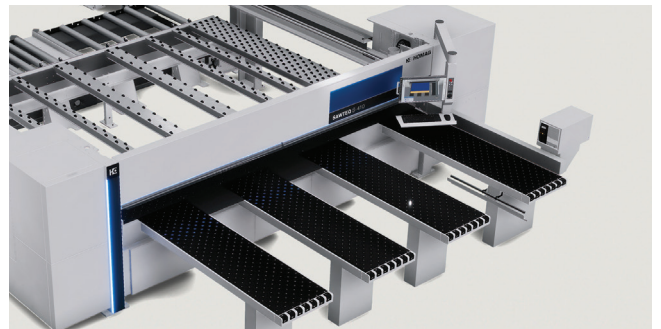

Some of Our Machinery
